The time for my being in BALTIMOE and Pitts-my difference of these cities. The History of Dr. Schenck's own Case, & how he was cured of Consumption.

how he was cared of Consumption.

Many years ago, whilst residing in Philadelphia, I had progressed gradually into the last stages of Pulmonary Consumption. All hopes of my recovery being dissipated, I was advised by my physician, Dr. Parrish, to remove into the country. Moorstown, New Jersey, being my mative place, I was removed thither. My father and all his family had lived and died there—and died of Pulmonary Consumption. On my arrival I was put to bed, where I lay for many weeks in what was deemed a hopeless condition. Dr. Thornton, who had been my father's family physician, and had attended him in his last illness, was called to see me. He thought my case catirely beyond the reach of medicine, and decided that I must die, and gave me one week to arrange my temporal affairs. In this apparently hopeless condition, I heard of the remedies which I now make and sell. It seems ed to me that I could feel them working their way, and penetrating every nerve, fibre, and tissue of my system.

My lungs and liver put on a new action, and the morbid matter which for many years had a accumulated and irritated the different organs of the body, was eliminated, the tubercles on my lungs ripened, and I expectorated from my lungs as much as a plut of yellow offensive matter every moraling. As this expectoration of matter subsided, the fever abatod, the pain left me, the cough ceased to harass me, and the exhausting night-sweats were no longer known, and I had refreshing sleep, to which I had long been a stranger. My appetite now began to retissue of my system. been a stranger. My appetite now began to re-turn, and at times I found it difficult to restrain myself from eating too much; with this return of health, I gained in strength, and now am fleshy. I am now a healthy man, with a large healed clearry in the middle tobe of the right lung and the lower lobe hepatized with com-plete adhesion of the pieura. The left lung is sound, and the upper lobe of the right one is in a tolerably healthy condition.

Consumption at that time was thought to be Consumption at that time was thought to be an incurable disease, by every one, physicians as well as those who were unlearned in medi-

as well as those who were unlearned in medi-cine—especially such cases as were reduced to the condition I was in. This induced many people to believe my recovery only temporary. I now prepared and gave the medicines to con-sumptives for some time, and made many won-derful cares; and the demand increased so rap-idly that I determined to offer them to the pub-lic, and devote my undivided attention to lung diseases. In truth, I was next to forced to it, for people would send for me far and near, to ascertain whether their cases were like mine. For many years, in conjunction with my prin-cipal office in Philadelphia, I have been making regular professional visits to New York, Boston Bultimore and Pittsburg.

Baltimore and Pittsburg.

For several years past I have made as many as five hundred examinations weekly with the "Respirometer." For such examination my charge is three deliars, and it enables me to give each patient the true condition of his discuss, and tell him trankly whether he will get well. The great reason why physicians do not cure Consumption is, that they try to do too much; they give medicine to stop the cough, to stop the night sweats, beet is fever, and by so doing they decrange the whole digestive system, locking up the secretions, and eventually the patient dies.

The Pulmonic Science of the weather than the pulmonic structure of the contract of the secretions. The Pulmonic Syrup is one of the most valu-

The Pulmonic Syrup is one of the most valuable medicines known. It is nutrient, powerfully tonic, and healing in itself. It contains no opium, yet lossens the pillegin in the bronchial tubes, and nature throws it off with little exercision. One bottle frequently cares an ordinary cold; but it will be well first to take a dose of Schenek's Mandrake's Pills to cleanse the stomech. The Pulmonic Syrup is readily digested and absorbed into blood, to which it imparts its healing properties. It is one of the best preparations of iron in use; it is a powerful tonic of itself; and when the Scawced Tonic dissolves the mucus in the stomach, and is carried off by the aid of the Mandrake Pills, a healthy flow of gastric juleo, good appetite, and a good diges. gastric juice, good appetite, and a good diges-tion follow.

The Scaweed Tonic is a stimulant, and none other is required when it is used. It is pure & pleasant; no bad effects like when using Bourbon whisky, which disorders the stomach, forpors the liver, locks up all the secretions, turns the blood into water, dropsy sets in, and the patient dies suddenly.

then toles suddenly.

Bourbon whisky is recommended now-a-days by almost every physician. Many patients that visit my rooms, both male and female, are stupiled with this poison. The relief is temporary. If they cough they take a little whisky; if they cough they take a little whisky; and they go on in this way, requiring more and more until they are bloated up, and imagine they are getting fleshy. The stomach, liver and digestive powers are completely destroyed, and lose their appetite for food. No one was ever cured of consumption by this process, where exitties have been formed in the lungs. A little stimulant is frequently beneficial to consumptives, such as pure brandy or good wine; in moderate quantities; but Bourbon whisky hastens on instead of curing consumption.

The seaweed Tonic produces lasting results.

The seaweed Tonie produces lasting results, thoroughly invisorating the stomach and disgost a make into healthy blood the food which may be used for that purpose. It is so wonderful in its effects that a wine glass full will digest a leastly meal, and a little of it taken before eating will give a tone to the stomach which few medicines possess the power of doing.

The Mandrake Pills may be taken with entire safety by all ages and conditions, producing all the good results that can be obtained from ealowed, or any of the mercurial medicines, and without any of their hurtful or injurious results. They carry out of the system the feculent and worn-out matters loosened and dissolved by my Seaweed Tonic and Pulmonic Syrup. It will be seen that all three of my medicines are needed in most cases to cure Consumption:

From Mrs. Jame F. Rice, a well-known and muchesteemed hair for yours, which was very troublesome. Nothing afforded any relief until we tried your Sarsapanila. She has been well for some mouths."

From Charles P. Rige, Esp., of the whiley known Gage, Marring R. Co., mempleturers of enamelted papers in Nasher, N. H.

"I had for several years a very troublesome hander in my five, which grew constantly worse until it disligated any features and became an intolerable affletion. I tried almost every thing a man could of both advice and medicine, but without any relief whatever, until I took your Saisapanila.

It immediately made my face worse, as you told me it might for a time; that in a few weeks the new skin hegas to form under the blotches, and continued until my face is as smooth as any body's, and I know of. I endoy persect health, and without a doubt ove it to your Sarsapanila."

Dr. Aven. I seldom init to remove Ecuptions and Serglatons Sores by the persevering use of your SARS avaital. As and I have just now erred in attack of Malignost Ergajects with it. No alterative we possess equals the SARSAPARILLA, you have supplied to the procession as well as to the people."

From J. E. Johnston, Erg., Wakeman, Oklo.

"For twelve years, I had the yellow Erysipelas on my right arm, during which that I tried all the celebrated physicians I could reach, and took hundreds of dollars worth of medicines. The alters were so had that the could reach, and took hundreds are decided that my arm must be amputated. I began taking your SARSAPARILLA. Took two bottles, and some of your Philis. Scald Head, Sore Eyes.

From Harrey Sickler, Esq., the able editor of the
Tencharaseck Temeral, Temespleania.

"Our only child, about three years of age, was
attacked by pinquies on the foreheat. They rapidly
spread until they forened a loathsome and virulent
sore, which covered his face, and actually blinded
his eyes for some days. A skiffalt physician applied
uitrate of silver and other remedies, without any
apparent effect. For lifteen days we goarded his
hands, lest with them he should tear open the festering and corrupt wound which covered his whole
face. Having tried every thing class we had any
hope from, we began giving your Suksayantilla,
and applying the bodine of poinsh botton, as you
direct. The sore began to heal when we had given
the first bottle, and was well when we had given
the first bottle, and was well when we had given
the first bottle, and was well when we had finished
the second. The child's cycladics, which had come
out, grew again, and he is now as healthy and fair
as my other. The whole neighborhood predicted
that the child must die."

Syphilis and Mercurial Disease. Syphilis and Mercurial Disease.

From Dr. Hicom Short, of St. Lonis, Missouri.

"I find your SansarvailLa a more effectual remedy for the secondary symptoms of Syphilia and for syphilite disease than any other we possess. The procession are indebted to you for some of the best medicines we have."

From A. J. Fronch, M. D., an eminent physician of Lawrence, Mass., who is a prominent member of the Legisladace of Missachusetts.

"Du. Aviell. My dear Sir 1 have found your Sansarvanilla an excellent remedy for Syphilis, both of the primary and secondary type, and effectual in some cases that were too obstante to yield to other remedies. I do not know what we can employ with more certainty of sancess, where a power-

A LECTURE on the Nature, Treatment and radical Cure of Seminal Weakness, or Spermatorrhoc, induced by Self-Abuse; Involuntary Emissions, Impotency, Nervous Debility, and Impediments to Marriage generally; Consumption, Epilepsy and Fits, Mental and Physical incapacity, &c.—By RoB, J. CULVERWELL, M. D., author of the Green Rook, &c.

The world-renowned author, in this admirable Lecture, clearly proves his own experience that the awful consequences of self-abuse may be effectually removed without medicine, and without dangerous surgical operations, bougles, instruments, rings, or cordials, pointing out a mode of cure at once certain and effectual, by which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and radically. This lecture will prove a boon to thousands and thousands.

From the well-Insec and wilely-celebrated Dr. Jacob Marvill, of Cincinnati.

"I have found your SARSAPARLILA an excellent alterative in diseases of lemales. Many cases of Irregularity, Leneorchen, Internal Ulceration, and local debutity, arising from the serolulous diathesis, have yielded to it, and there are few that do not, when its effect is properly added by local treatment."
